2.18.2016:

Hello Tom,

I am the Designated Federal Officer for the Chartered SAB, the new Tom Miller/Angela Nugent if you will. I would like to invite you to participate in the next meeting of the Science Advisory Board.

On March 31 and April 1, 2016 the chartered SAB will meet at the Westin Crystal City in Arlington. That meeting will consist of a closed administrative session Thursday morning with the remainder of the meeting being open to the public (Thursday afternoon and Friday Morning). In general the meeting will focus on a review of the Agency's accounting framework for biogenic CO₂ emissions and the SAB review of the Fall 2015 Regulatory Agenda. We have also invited

the Administrator Dr. Francesca Griffo to provide a briefing on their ongoing efforts in Scientific Integrity, respectively.

This would be a great opportunity for you to welcome the committee and share your thoughts on the importance of science to EPA's mission, any thoughts / suggestions for facing the challenges ahead or any other topic you wish to discuss. This will also be an opportunity for SAB members to submit questions to you.

The best time for your visit would be after 1pm on Thursday, March 31 or the morning of April 1. We can accommodate your schedule during the meeting that works for you.

I have attached a list of recently completed and ongoing SAB reviews for you information.

Thank you for considering this request.

Best
Tom

ORD Supervisors:

We are excited to announce the next in the series of Skills Marketplace webinars. This time we are focusing on: How to Use the Skills Marketplace to Enhance Your Career Development.

Throughout April supervisors and staff will be meeting to check-in on performance and progress at the mid-year performance discussions. This is the perfect opportunity to focus on career and professional development.

Join us on Tuesday April 5 from 1:00pm to 2:00pm EDT as we learn about:

- * Preparing for a career and professional development conversation at PARS mid-year discussions;
- * Developing an Individual Development Plan;
- * Identifying the right opportunities that can help you develop and/ or strengthen these competencies/ skills

Please also feel free to let me know if you have any questions or suggestions. Thanks.

Greetings AA and RA Colleagues,
Attached please find the final draft of the EJ 2020 Community Based Work Implementation plan for your final review. The plan, a product of the three co-chair organizations – Region 3, Region 10 and OLEM, has been revised with consideration of the array of comments received on the previously circulated draft. Per our conference call on 04/01/16, I am sending this draft out for your final showstopper review prior to adding this draft language to the complete agencywide EJ 2020 Implementation Plan.

In response to your requests during the call on 04/01/16, I will be hosting a conference call later this week. During the conference call the co-chairing organizations will address questions specific to the EJ 2020 Community Based Work Implementation Plan.

We are asking for your showstopper comments by COB, Friday, April 8, 2016. Please send your comments to Kent Benjamin, of my staff at [REDACTED] <mailto:[REDACTED]> .

Call In # [REDACTED]

Point of Contact for the Meeting: Mark Rupp [REDACTED] 564-6074, staff Ct:
Andrea Barbery, [REDACTED]
SCT: Denise Anderson, [REDACTED]

Purpose: Mark Rupp, OCIR, will run through the agenda for the ECOS Spring Meeting (April 10-13) for senior leaders' situational awareness. This meeting will also serve as an opportunity for ECOS meeting attendees to coordinate on messaging and ask questions about content and logistics of the meeting.

Role of the Administrator: The Administrator will be featured in two sessions on Wed., Apr. 13: from 8:00 – 9:15 a.m., she will participate in a moderated Q&A session with ECOS President Martha Rudolph, and from 9:30 – 10:30 a.m., YOU and she will speak at a closed (state-EPA only) session on working together through crisis.

Role of Deputy Administrator: YOU will attend the entire ECOS Spring meeting, with speaking roles in the 9:30 – 10:30 a.m. closed session on Wed., Apr. 13, as well as the Federal Facilities Forum later on the afternoon of Wed., Apr. 13, and E-Enterprise Session on Wed – Thurs (13th – 14th).

Background: ECOS holds 3 key meetings every year: a Spring Meeting, a State Environmental Protection (STEP) Meeting in the summer, and a Fall meeting. In recent years, new leadership at EPA and ECOS has fostered a strong partnership between federal and state environmental leaders. These meetings are well-attended by state environmental commissioners and EPA leadership, as well as federal agency partners, industry, academia, and others. The 2016 Spring Meeting will focus on Public Health, with the Administrator slated to participate in a two sessions on Wednesday, April 13. Over 200 people are registered, including over 30 EPA senior leaders and staff.

Last possible date for the meeting: Friday, April 8 (meeting begins Sunday, Apr. 10)

Is the meeting urgent and if so why?: The meeting is not urgent but because so many AAs and RAs attend, it is helpful for all EPA participants to be on the same page with respect to meeting objectives, messages, etc.

Requested Time Length: 30 min

As Spring starts to take hold, I want to use this meeting to have a regular check-in on activities associated with Gold King.

This will be an opportunity to share the latest and be coordinated on the following:

Water quality monitoring
 Interactions with our partners
 Grants and assistance
 On-the-ground developments
 After-action items

While it is helpful to have discussions on discrete topics, this forum will provide an opportunity for everyone to hear what is going on, what might be around the corner and share perspectives.

Thanks.

Location Music City Center (104 A-D)
Show Time As Busy

Roundtable Discussion on the Nexus between Environment and Public Health (104 A-D), facilitated by Martha Rudolph of Colorado. This dynamic discussion will focus on techniques and approaches for enhancing partnerships between environmental regulators and public health professionals. Examples will be shared to show how decision making and public outcomes can be improved through these collaborations. Participants include Dr. Thomas Burke, Deputy Assistant Administrator and Science Advisor, U.S. EPA Office of Research and Development; former ECOS President Richard Oppen, Director, Montana Department of Public Health and Human Services; and Association of State and Territorial Health Officials (ASTHO) President Dr. Edward Ehlinger, Commissioner of Health, Minnesota Department of Health. The session will include the signing of an MOA on Public and Environmental Health Initiatives among U.S. EPA, ECOS, and ASTHO.

Meeting is open to all registrants, including press.

Subject Prebrief for Lead and Copper Rule
Location 41213 RRB; [REDACTED]
Show Time As Busy
 Can you please set up a one hour pre-brief for Tom to get him prepped for a 4/18 meeting with Joel Beauvais about the Lead and Copper Rule?

Please include the following people:

From NRMRL: Cindy Sonich-Mullin, Darren Lytle, Mike Shock
 From OSP: Fred Hauchman, Bob Fegley + any others that OSP wants to bring
 From NERL: Jennifer Orme-Zavaleta + any others Jennifer wants to bring
 From NCEA: John Vandenberg (to inform many discussion about IEUBK model for lead)
 From IOAA: me, Bob K (Maureen may want to check with Bob first to see if he wants to attend as well as if he thinks anyone else should be included in this conversation)

I think OSP should be prepared to provide a brief overview of the Lead and Copper Rule revisions workgroup and ORD participation. Darren and Mike should provide Tom with an overview of any key points (issues, concerns, opportunities to strengthen) they think the agency should consider going forward as work proceeds to revise the lead and copper rule. John should be prepared to discuss the IEUBK lead model and how that may inform work going forward (e.g., a potential health based standard), and Jennifer should be prepared to discuss some of the conversations she's had with OW about exposure modeling/evaluation to inform lead and copper rule revisions (e.g., health based standard, monitoring, etc.).

Thanks!

Subject: Science Policy Team pilot

Hi all,

Tom asked Kacee and I to think about how to enhance our efforts to make sure the front office is up to speed on all the potential hot button issues coming down the pike. We proposed a team that would meet weekly with him to raise issues that could become visible in the coming 4 – 8 weeks (ORD products, policy initiatives, regulatory activities, high profile announcements) as well as over the transom requests. Tom liked the idea and asked us to pilot the process. The purpose is not to replace existing mechanisms for information sharing but to make sure that there is a regular focused conversation on these topics.

Please look for an invitation shortly.

Subject: Briefing Request for Tom and NRMRL All-Hands Participation

Hi Kacee and Elizabeth.

Per my conversation with Kacee this afternoon, we would like to request a briefing with Tom for this Thursday, April 14, to update him on the status of the business plan outlining ORD's future drinking water research needs. If possible, we would like to do the briefing via video. The following people should be included in the briefing from our end. In addition to Tom, we anticipate that Lek, Bob and Chris might like to participate in this discussion so please add them to the invite if they are available.

Purpose of Meeting: Discussion

Other Meeting Purpose:

Urgency: In discussion with OGC, we think it would be beneficial to begin the work on our own regulatory revision in advance of the expected release of the Common Rule in September. I'd like to discuss a game plan with Tom in the next two week so I can get started on this long process.

Duration of Meeting: 30 Min

Summary of Meeting Key 2-3 Points:

1.Describe what will be required of EPA as a result of the Common Rule Changes.

2.Discuss the opportunity this presents us to harmonize the rest of the human subjects rule with the other agencies.

3.Discuss a plan for moving forward with the creation of the work group.

 Internal Meeting – Participation Request from NCER for Tom Burke, Lek Kadeli and Bob Kavlock
 Title of Meeting/Briefing/Event: National Academies of Science review of EPA's Science to Achieve Results (STAR) program

Purpose: This is an informational briefing/meeting with the purpose of discussing the upcoming NAS review of the STAR program. The NAS is beginning a review of the effectiveness and impact of EPA's Science to Achieve Results (STAR) competitive extramural research program. We are planning a kick-off meeting to discuss process and timelines with NAS. This will enable a clear understanding of expectations. The NRC last reviewed the STAR Research Grants Program in 2003 (The Measure of STAR). The Board of Scientific Councilors (BOSC) reviewed the STAR program in 2007 and 2009. Since these reviews, ORD has realigned into a matrix structure with National Program Directors responsible for defining research topics.

Role: Attend/call into the meeting and discussion

Requested Length of Meeting/Briefing/Event: Meeting is anticipated to last 1 hour.

Participants: Lek Kadeli, Tom Burke, Bob Kavlock, Jim Johnson (NCER Director), Mary Ellen Radzikowski (NCER Deputy Director), Darrell Winner (NCER Senior Science Advisor), Kelly Widener (NCER Communications Director), and National Research Program Directors (ACD, SSWR, CSS, SHC).

Subject Duplicate Invitation: OP's Economic Brownbag Seminar: "Children's Health Valuation: The Why, How and What" - Call in: [REDACTED]
 [REDACTED] (material attached)
Location 3530 WJCN - Conference (Call in: [REDACTED] [REDACTED])

Show Time As Tentative
 Note: This is an invitation for this month's OP Economics Brownbag being sent out to distribution lists. You may have already received a separate invitation to this meeting, Please forgive any duplication.

This month's Economic Brownbag seminar will address Children's Health Valuation presented by Mark Dickie (NCEE). Federal agencies are directed by executive orders to assess the benefits and costs, and to evaluate the environmental health effects on children, of significant regulatory actions. Assessing economic benefits of improvements in children's environmental health is challenging, however for reasons that include potential differences between children and adults in exposures, risks and applicable economic values, difficulties in identifying long-term effects of exposure reductions, and the fact that children are not independent economic actors. This presentation will discuss why and how economists assess benefits of improving children's health and what we currently know about the value of children's health.

The seminar will be held in 3530 WJCN. We will provide the presentation through Adobe Connect but audio will still be through the teleconference line. After you dial in the teleconference [REDACTED] please join us at: [REDACTED]. Please contact Robin ([REDACTED] <mailto:[REDACTED]> or [REDACTED] with any questions. We look forward to seeing you there.

Subject: Celebrating Teresa Marks

FOTs (Friends of Teresa).

Not quite sure where the time went, but after having joined EPA to help take on the world of unconventional oil and gas, we are losing a great friend to her second call of retirement. (Given she knows how unhappy she is in retirement, I actually think we may be able to talk her out of leaving!)

To celebrate her time with us and wish her well on her next journey (and convince her to stay), please come to Del Frisco's on Wednesday, April 20. Folks will begin assembling around 5:00pm.

Thank you!

As Spring starts to take hold, I want to use this meeting to have a regular check-in on activities associated with Gold King.

This will be an opportunity to share the latest and be coordinated on the following:

Water quality monitoring
Interactions with our partners
Grants and assistance
On-the-ground developments
After-action items

While it is helpful to have discussions on discrete topics, this forum will provide an opportunity for everyone to hear what is going on, what might be around the corner and share perspectives.

Thanks.

Subject: Invitation to discuss epi and risk assessment with Tom Burke

Hi Folks –

Tom Burke was recently invited to author an article (for the trade press) about the use of epidemiology data in risk assessment. Before he puts pen to paper, he thought it would be helpful to have a short brainstorming discussion with a small group of ORD's epidemiologists who are involved in risk assessment.

After talking with Mary, she suggested I reach out to this group. I hope you'll be able to participate in two calls in the coming weeks – the first with me, so I can share some additional context about this request, and the second with Tom, for a short brainstorming session.

Stay tuned for the calendar invitations, and feel free to give me a call if you have questions.

Thanks in advance!

Tom would like a briefing. Please work with Nathan (cc'd) to set up a briefing for 45 min for next Tuesday (likely by video is fine). Please send a briefing package to Nathan, Anna, Kacee and myself by 3pm on Friday and include in the briefing package slides and a concise fact sheet that he can review in advance. I would expect no more than 12 or so slides with a clear bottom line slide at the end, so that Tom and Bob will have time for questions and discussion with the team. Ideally, they will be able to review in advance so the presentation can just be a quick overview.

Nathan, once you have the list of folks and locations from NCEA (may be those on this email only?), please try to find a time for Tom and Bob to be briefed. Tom is key, Bob and Lek if available. I would also include Lynn Flowers, myself, Kacee, and Vik.

Thanks!

Subject: Science Policy Team pilot

Hi all,

Tom asked Kacee and I to think about how to enhance our efforts to make sure the front office is up to speed on all the potential hot button issues coming down the pike. We proposed a team that would meet weekly with him to raise issues that could become visible in the coming 4 – 8 weeks (ORD products, policy initiatives, regulatory activities, high profile announcements) as well as over the transom requests. Tom liked the idea and asked us to pilot the process. The purpose is not to replace existing mechanisms for information sharing but to make sure that there is a regular focused conversation on these

topics.

Please look for an invitation shortly.
